H&K GROUP INC., AND RAHNS CONCRETE JOIN FORCES TO DONATE ENGINE AND TRANSMISSION TO LOCAL TECH SCHOOL

Skippack, PA – H&K Group, Inc., (H&K) partnered with [Rahns Construction Material Co.](#) (Rahns Concrete) to supply an operating diesel engine and transmission to Western Montgomery Career and Technology Center in Royersford, PA.

The engine, a Caterpillar C10, and the transmission, an Allison automatic, were gone over, painted and “put together” on a frame with a fuel tank, battery box and all other essentials needed to make the engine function as it normally would. The setup will be used to test students on diagnostics in the diesel technology program.

Rahns Concrete’s lead mechanic assembled the engine and transmission setup, H&K’s in-house weld shop provided fabrication assistance, H&K’s Austin Auto Body affiliate painted the components and H&K’s Austin Graphics affiliate provided lettering on the control panel. [Dunne’s Towing](#) was gracious enough to transport the engine to the Career Center.

Employees from H&K and Rahns were on hand to present the engine to the Career Center on Thursday, December 14th, 2023.

H&K Group, Inc. provides [heavy civil contracting and construction services](#), [construction and building materials](#), and associated [ancillary services](#) through 85 operations in three states including eastern PA, NJ and DE. Further information on H&K Group, Inc. and its wide array of products and services may be found by pointing your browser to www.hkgroup.com or calling 610.584.8500.

Donation and presentation photos attached.
