## **METSO, CLEVELAND BROS. RECOGNIZE H&K GROUP'S HISTORIC CONE CRUSHER**

Skippack, PA - On Tuesday, August 20<sup>th</sup>, representatives from [CB Con-Agg, a Division of Cleveland Brothers](#), visited [H&K Group, Inc.'s \(H&K's\)](#) Corporate Office in Skippack, PA to meet with H&K's Executive Management Team. CB Con-Agg wished to formally recognize H&K's ownership, maintenance and operation of one of the first [Metso](#) HP300 Cone Crushers in existence.

In the early summer of 2019, [H&K's Materials Division](#) was informed that it had an incredibly unique Metso HP300 Cone Crusher in its fleet. A main cog in H&K's operations, this crusher began its life in the early 1980's at onetime-H&K operating location, Jamico Materials, in Jim Thorpe, PA. It is presently still crushing stone at H&K's [Locust Ridge Quarry](#) facility in Pocono Lake, PA. Metso, manufacturer of the HP300, recently celebrated the 30th anniversary of its HP Cone production by marking their 10,000<sup>th</sup> crusher delivered globally. Through CB Con-Agg, a Metso supplier/distributor, Metso chose to recognize H&K for owning/operating one of the very first of these 10,000 crushers.

H&K extends its congratulations to both Metso, for building one of the finest cone crushers on the market, and CB Con-Agg, for keeping H&K running all these years. H&K also commends its Materials Division for operating and maintaining this HP300, a pillar of the corporation's crushed stone production operations.

[CB Con-Agg, a division of Cleveland Brothers](#), is a local dealer of Metso and MASABA offering a complete line of conveying and crushing products to help customize each customer's conveying system to meet the needs of their operations. Whether a quarry specializes in sand, gravel, concrete, stone or slag, CB Con-Agg can pair customers with the right aggregate equipment to achieve the coarseness their application requires.

[Metso](#) is a world-leading industrial company offering equipment and services for the sustainable processing and flow of natural resources in the mining, aggregates, recycling and process industries. With their unique knowledge and innovative solutions, Metso helps customers improve their operational efficiency, reduce risks and increase profitability.

The H&K Group Family of Companies have provided [heavy civil contracting and construction services](#), [construction and building materials](#), and [associated ancillary services](#) through 85 operations in three states including eastern PA, NJ and DE, for over 50 years.
